

# **STAR PROGRAMME 2021**

All meetings at 2-00pm in the Keyworth Methodist Church

## **Monday 4<sup>th</sup> October 2021:**

**Andrew Morrison – from Beeston U3A** will be giving a talk called...

*“Gravity: From Aristotle to Einstein by way of Newton”*

### **Abstract.**

Since the ancient world began to speculate about the nature of the Universe, it has taken more than 2000 years to gain our present - and almost certainly incomplete - understanding of Gravity. This talk will trace the way our concept of Gravity has developed from then to now.

## **Monday 1<sup>st</sup> November 2021:**

**Dr Peter N Tomlinson** will be giving a talk with the title *"Diamonds are Forever"*

### **Abstract**

Peter spent some 25 years in the diamond Industry in South Africa working at the De Beers research laboratory in Johannesburg, will give a talk on Diamonds - covering, for example, their history, geological formation, mining and recovery techniques and the science behind the production of man-made diamonds.
